Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

This house faces west onto Solomons Island Road. It is set on a molded concrete foundation. It is a two-story double-pile, three-bay gable-roofed framed and weatherboarded early twentieth-century example of the Colonial Revival style. There is an exterior brick chimney on the south gable end and a one-story hipped wing added to the same side of the house. The central side-lighted entrance is flanked by pairs of windows with one-over-one double-hung sash replacing the original six-over-six design. The entrance is sheltered by an arched and pedimented stoop supported on thick Doric columns.
